### Reports & Updates

- The background of ED-1 was presented, and the Task Force objective was stated
- The standard was reviewed, and several possible revisions were discussed including:
  - Change “Field of Roof Pressure” to “Zone 1”;
  - Change 3.5.3 to be 1” below top of exterior cladding in lieu of 1” below bottom of nailer;
  - Table A1 “Importance Factors” should be eliminated;
  - Tables A2 and A3 “Horizontal and Vertical Edge Pressure” may need to be adjusted due to changes of the GCp in ASCE 7-16;
  - Appendix B “Ground and Snow Loads” may need an additional map if ASCE 7-16 version is different; and
- It was agreed that the standard should be reviewed by someone well versed in ASCE 7 to determine if other changes are needed.

\*SPRI complies with antitrust laws and requires participants in its programs to comply with antitrust laws. Discussions which could affect competitive pricing decisions or other competitive factors are forbidden. There may be no discussions of pricing policies or future prices, production capacity, profit margins or other factors that may tend to influence prices. In discussing technical issues, care should be taken to avoid discussing potential or planned competitive activities.
